## WHO ARE WE?

### WENDY'S CAPRI WHALES

Gennarino & Cindy

Professionals in the business for over 50 years.

A family tradition past on from generation to generation, beginning when the tours were with row-boats. Gennarino a true Caprician, is the leader and number one captain of our business.

He is one of the most experience divers on Capri who dedicated many years to the surrounding waters.

His work and discoveries (Blue Grotto Statues) are known to many around the world.

He and his American wife of 42 years, have run the business out of their bikini shop **Gennarino & Cindy** located in the port of Capri.

Their young daughter, **Wendy Alberino** working with him on the boats and with her mom in their shop, soon became a sailor fluent in English.

But most of all she became a business woman. Her love for boats encouraged her to branch out and create her own business.

**Wendy's Capri Whales** of over 20 years continues to grow and operate from mom's bikini shop and her boats continue to be the traditional color yellow started by her dad.

She and her companion Stefano, hope to continue this family tradition for many years to come.

Their goals are to satisfy present clients, make new ones and improve themselves along the way. Let's hope daughters Nichole and Kayla agree.

## WHAT ARE YOU DOING TODAY?

Do you know the difference between a boat ride and a boat tour?

A boat ride, is a ride around the island on a boat.

This is what many companies do!

A boat tour, is a tour around the island on a private boat or with a maximum of 8 or 10 people.

It's with a guide who maneuvers the boat into the many **small caves** while reciting some history and who willingly puts the ladder for you after you've had a quick **swim**.

This is what our company does!

Do you want a ride or a tour? Do you want to see what many people miss?

Come join us to see the real sights of Capri, unseen by those who have chosen the overcrowded tours.

Plan now to join us for a relaxing island tour with family, friends, or new acquaintances, aboard one of **Capri Whales** many boats. Definitely a fun thing to do on Capri Island.

## ALL DAY EXPERIENCE WITH PRIVATE GUIDE

For anyone who wants a relaxing day to abandon themselves to the colors and scents of the sea, the possibilities are endless.

Thanks to the skills of our team of skippers, we can assure you that even the smallest of grottos will be seen. Our tours go around the entire island to show you the colors and beauty of the many grottos, famous villas, and unusual landscape.

You can stop and swim in bays below luxurios villas or

beneath grottos where the seas make music.

The equipment onboard enables even novice swimmers, to swim, float and snorkel among these enchanted caves. We will take you thru the famous Faraglioni rocks, seen in many films and stop at the entrance to the Blue Grotto where you may enter for a small fee, to see where the Roman Emperor, Tiberious swam.

You may decide to have lunch at one of the many restaurants along the coast. Each one different with it's own distinct menu. Or take your picnic lunch onboard.

The photos you will capture will make the experience you'll remember. Seeing is believing!

## DRIVE YOUR OWN BOAT DAILY OR HOURLY RATES

For the more adventurous there is the opportunity to rent and drive your own boat. The mystery is there for you to discover at your own pace.

All of our boats are equipped with masks, awning, cooler, fresh water shower, water toys, and cushions.

Our staff will be glad to run you through the boats operation and give you a map and some tips on where to go and what to look for as you visit the island at your own speed. Also a great way to get back to a favorite spot after a guided tour. Easy to drive - No license required.

## WHAT ELSE

Our tours extend the entire gulf from Naples to Salerno. Fantastic days down the Amalfi coast where you can stop for a visit of Positano to admire the architecture and do some shopping. Amalfi and Ravello are also possibilities. Our crew will offer a little snack between quick dips in suggestive spots along the scenic coast.

Our various tours at reasonable prices make us an important point of departure for those who don't want to exaggerate and don't want to be buried in the crowds. Thanks to our organization, boats and crew, we will find a solution to your vacation wishes.

So look us up and decide if you want to be the whale who splashes in the ocean or the more laid back who enjoys the sea breeze under the shade of the awning.

Once you have visited Capri by sea, visit it by land.

We can still help!

Guides are available to visit the historic center, the gardens, churches, Monte Solaro (the highest point by chair-lift), museums and more...

**To say and feel you've been in Capri, do it by boat!**
